### UHR nurses get extra credentials

Three United Hospice of Rockland nurses, Kathy Mendell, Kim Cangro, and Mary Dorritie, recently passed an examination administered by the National Board for Certification of Hospice and Palliative Nurses.

Assistant Director Bonnie Walsh, RN, CHPN, explained, "Obtaining certification in the field validated the nurses' qualifications and understanding of hospice and palliative care. Certification indicates mastery of a defined body of knowledge and demonstrates competency, specialized information and skills in the field of hospice and palliative care. Passing the CHPN examination provides formal recognition of having achieved a standard of knowledge in the highly specialized field. The exam is accredited by the American Board of Nursing Specialties. More UHR nurses plan to sit for the exam this spring. We are proud of the following nurses and recognize them for their achievement."
